

SOCIAL AND SUSTAINABLE SKILLS FOR YOUNG NEET POPULATION

THE PROJECT

SOSUSK is meant to face the challenge of mobilising a transnational population of European Neither in Employment nor in Education or Training (NEETs), providing them with social and green entrepreneurship skills and competencies.

The purpose is to ease their match with sustainable opportunities for employment or self-employment.

2ND TRANSNATIONAL PROJECT MEETING

During the second transnational project meeting, held in the beautiful city of Osijek (Croatia) from the 12th to the 13th of December, the consortium was able to meet again in person and move the project forward.

E-LEARNING TOOLKIT

We can indeed announce that the E-learning Toolkit was created! Each partner developed a module based on their own experience and expertise and translated it into their mother tongue; the toolkit consists of 7 modules.

SOCIAL AND SUSTAINABLE SKILLS FOR YOUNG NEET POPULATION

NEXT STEPS

The pilot testing phase now begins, in which each partner will test the Toolkit in its own country by giving 30-hour classes to a group of NEETs.

Following the pilot testing, the **LTTA** will take place in Poland, in which 4 NEETs from each European country will participate in order to evaluate the skills acquired during the course.
